11/2014 – Present
Al-Khobar, KSA

Sr. Safety Officer (HSE Trainer)

Nesma and Partners Contracting Co. Ltd.

- Develop, implement, and maintain the Project Safety Plan and Job Hazard Analysis (JHA) for all site activities.
- Monitor construction, installation, testing, and commissioning activities to ensure compliance with safety standards and regulations.
- Promote a strong safety culture by creating awareness among workers to adopt a “Think Safety, Work Safely” approach.
- Ensure the mandatory use of Personal Protective Equipment (PPE), including safety helmets, safety boots, protective clothing, and other required equipment.
- Conduct daily and weekly toolbox talks, safety briefings, and awareness programs for site personnel.
- Implement company safety policies and procedures and prepare weekly compliance and non-compliance reports.
- Investigate, report, and document accidents, incidents, near misses, injuries, and emergencies, and recommend corrective actions.
- Organize and coordinate safety training programs for employees, contractors, and project personnel.
- Perform regular inspections of scaffolding, ladders, lifting equipment, plants, tools, machinery, and other site facilities to ensure safe operation.

- Lead, train, motivate, and support project teams in implementing Loss Prevention Programs and safe work practices.
- Prepare and submit timely safety reports, audits, risk assessments, and other HSE documentation.
- Ensure compliance with client-specific safety requirements, statutory regulations, and industry best practices.
- Monitor corrective and preventive actions to eliminate hazards and improve overall site safety performance.
- Coordinate emergency preparedness activities, drills, and response procedures to minimize risks and ensure workforce readiness.
- Maintain accurate safety records and ensure all required permits, certifications, and inspections are up to date.
